

News From The Twos

March

March 10th-14^h

What we're learning...

This week we learned about transportation and practiced using scissors! We cut paper, playdoh and putty!

We had a visit from the Grand Island Highway Department on Wednesday and they brought a snowplow for us to see and touch! This week we also learned about buses, airplanes, trains, hot air balloons and boats! During craft time, we did a ton of gluing, used paint sticks, bingo dabbers and did some sponge painting with Miss Morgan!

On Thursday, Miss Kayla came in for our acro class. We danced and practiced our tumbling. We were able to get outside on the playground almost every day this week! The kiddos loved getting fresh air and enjoyed the sunshine! We have added a spring countdown to our morning circle. We only have **6** more days until its officially spring!

Important Dates

Monday, March 24th-Play
University Field Trip

Please return permission slips next week.

Classroom Reminders

Please remember to send in only one item for show and share. We have limited time allotted for share time and multiple kiddos to get through everyday. The kiddos enjoy interactive toys and stuffies (please no books).
