Pre-K 4 Awesome News!

This Week

We had a fantastic week learning all about the letter F! This week we read *My 'f' Sound Box*, and we had fun sorting pictures from our mystery box that all started with the 'F' sound. We also sang along with the StoryBots, watched the Sesame Street Letter 'F' Podcast, learned a fun 'F' poem, and completed a letter 'F' activity on Starfall.

This week we learned about foods from the farm. We learned all about apples, corn, and pumpkins. During craft time everyone made their own apple trees using real apple prints, painted ears of corn, and designed their very own tiny ceramic pumpkins. To end the week, we carved our giant classroom pumpkin into a jack-o'-lantern to help us get ready for Halloween!

During center time, we opened our classroom Farmer's Market, where the kiddos had so much fun picking apples and pumpkins, pretending to sell them at their market stand, and imagining what tasty treats they could make at home.

This week we also became chefs. On Tuesday, the kiddos helped make homemade applesauce. They enjoyed cutting up the apples and adding them to our crockpot. Throughout the day, our classroom smelled amazing, and the best part was getting to eat the fresh apple sauce that we all had a part in making. On Wednesday, we explored different types of popcorn. After playing with popcorn and kernels in our sensory table, we made and tasted three kinds: air-popped popcorn, Jiffy Pop made on the hot plate, and a bag of cheddar-flavored popcorn. The kiddos had so much fun trying all the different types of popcorn.

Looking Ahead

October 24th

Kelkenberg Farm Field Trip
NO AFTER SCHOOL

October 31st

Halloween Trunk-Or-Treat
NO AFTER SCHOOL

Next Week

Next week we will be learning about spooky things and Halloween!
