

# Pre-K 4 Awesome News!

February 3<sup>rd</sup>-7<sup>th</sup>

## This Week

We had a perfect week learning about the letter 'P'. This week we read My 'P' Sound Box, sorted pictures from our own sound box, watched the Sesame Street 'P' Podcast and sang along to our 'P' poem. Throughout the week we also learned about the numbers 7 and 8. The kiddos are doing a great job identifying their numbers on playing cards, dice, ten frames and in different picture groups.

This week we began learning about the ocean. Throughout the week we read many stories including Hole in the Bottom of the Sea. In the story we learned about different animals and plant life that live deep in the ocean. We also learned that they need each other to live and make the ocean a beautiful place. Throughout the week we also talked about coral reefs. We learned that these under water plants are places where fish can live. We had fun creating a sponge painting of them and even a 3D model of one that you will see at our art show!

On Wednesday, we celebrated the 100<sup>th</sup>-ish day of school! During circle time we read Fancy Nancy's 100<sup>th</sup> Day of School and sang a few songs that taught us how to count all the way to 100! During craft time we had the chance to make either a 100<sup>th</sup> day crown or pair of glasses!

During our center time we had fun exploring in our ocean center, digging up shells from sand and cleaning them off with tooth brushes and soapy water, reading ocean books in the library, building with Legos, and creating in the art center.

On Friday, we had a great time exploring at the Niagara Falls Aquarium!

### Looking Ahead

February 14<sup>th</sup>  
Valentine's Day  
Party

February 17<sup>th</sup>  
Presidents' Day  
No School

### Looking Ahead

We will be learning  
about Valentine's Day.
