

October 6th-10th

Pre-K 4 Awesome News!

This Week

We had a fun week learning all about the letter 'L'! We practiced making the 'L' sound, read *My 'L' Sound Box*, sorted pictures from our own sound box, and enjoyed watching the Sesame Street Letter 'L' Podcast.

During Circle Time, we began learning about the farm. We learned about cows, pigs, and chickens, and talked about things that farmers need to care for their animals, like barns and tractors. During craft time, we painted our own fields with tractors working in them, designed barns filled with animals, and colored our very own farm animal puppets. We had a blast using our puppets to sing "Old MacDonald Had a Farm" together!

On Monday, Miss Katie visited for Music. She taught us a fun dance song all about farm animals and led a thoughtful discussion about our feelings. She also brought along her spooky dark box filled with spiders!

Thursday was extra exciting with a special visit from the Grand Island Fire Station. The firefighters talked to us about their important job and all the ways they help keep our community safe. We even had the chance to go inside the fire truck and spray the hose.

On Friday, Miss Fran came in for Social Skills and told us a silly story about a very curious cow who went around the farm trying everything the other animals were eating. Each new food changed the color of the cow's milk! After her story, Miss Fran helped us make delicious chocolate milkshakes.

Looking Ahead

October 13th

Columbus Day

No School

October 24th

Kelkenberg Farm Field Trip

No After School

Next Week

Next week we will be learning about farm foods.
