

# Hoots & Hollers

Week of May 19<sup>th</sup> to May 23<sup>rd</sup>

## What We're Learning

## News From the Nest

This week at school we learned about the life cycles of both frogs and chicks. Each day during circle we sang songs about both animals, read stories about the stages and cycles of each, and talked about the similarities and differences between the two. We were very excited this week as we anxiously awaited the arrival of our butterflies. Each day students came into the classroom to check and see! It has been so great watching the excitement on their faces as this process is taking place.

On Monday, Miss Katie came into our classroom for music and sang songs about butterflies and flowers. We also danced to a fun song that taught us about the safety in wearing a bike helmet.

Some of our fine motor crafts this week included making a chick hatching from an egg, painting and displaying the life cycle of a frog, making a frog out of a paper plate, creating a xylophone out of the letter "X", and cutting practice with butterflies.

Stories this week included: How Does an Egg Hatch?, Chicks!, How Does a Tadpole Grow?, The Lucky Green Frog, There Was an Old Lady Who Swallowed a Frog.

Next week we will be wrapping up our unit on life cycles and talking about plants and flowers. Our letter of the week will be "Y". When it is your child's show & share day, please have them bring in an item that begins with this letter.

## Upcoming Events

Monday, May 26<sup>th</sup>  
Memorial Day, NO SCHOOL

Wednesday, May 28<sup>th</sup>  
Parent-Teacher Conferences

Friday, May 30<sup>th</sup>

4 Year-Old Graduation, NO AFTER SCHOOL

Thursday, June 19<sup>th</sup>  
Juneteenth, NO SCHOOL

Friday, June 20<sup>th</sup>  
End of the Year Carnival, NOT A SCHOOL DAY

## Reminders

Please remember to send in with your child a jacket, hat, and boots (if you would like) for when we go outside. You may also want to send in a sweatshirt as it can get chilly in the building. ☺
