

Circle Time

During circle time this week, we read, The Littlest Leprechaun, The Itsy Bitsy Leprechaun, and Sharing Time. This month we are working on the oval shape and the color green.

Centers

We had a great time dressing up like chefs and cooking in our kitchen center this week. In our Potato Head center, the kiddos had fun making Mr. Potato Head look very silly with different faces. We also had an awesome time counting and sorting all our teddy bears with Miss Jennie in our teddy bear counter center.

Specials

In music with Miss Katie this week, we had fun singing to her "Five Little Leprechauns" song. The kiddos loved when Miss Ilia and Charlotte came in and helped us make our leprechaun monster craft. In acro with Miss Kayla, the kiddos loved learning and dancing to a new song called "Run Baby".

Crafts

During craft time we made rainbows. First, we put glue all over our paper plate, then added all the different colors of the rainbow using fruit loops. We also made leprechaun monsters by gluing on folded up pieces of white paper to a big shamrock for the arms and legs, then we added mini shamrock stickers for the hands and feet.
