May 22<sup>nd</sup> – May 26<sup>th</sup>

## We had an awesome week!

This week we continued talking about flowers. The kiddos worked very hard taking care of their flowers that we planted last week. We also talked about bumblebees! We learned that bumblebees are large, furry insects that have black, brown, and yellow stripes. We also learned that they eat pollen and drink nectar made by the flowers.

For our fine motor craft, we made colorful tulips. First, we used plastic forks to paint the top of our flower, then we used paint brushes to make the stems and leaves. We also made bumblebees.

On Monday, Miss Katie came in for music. We sang songs and danced to our rocket ship song. The kiddos did a great job!

On Wednesday, Miss Ilia and Charlotte came in to play our jumping frog game with us. The kiddos loved helping Charlotte flip the launch pad to make the frog fly.

Some of the stories we read were: The Honey Makers, What if There Were No BEES?, Penguin Says Please, LITTLE TIGER PICKS UP, and Counting in the Garden.

Next month we will be reviewing all our colors, shapes, and numbers!
