

Hoots & Hollers

Week of September 27- October 1

News From the Nest

This week at school we began talking about the changing seasons. We talked about the cooling temperatures, the wind, the rain, and everything else there is to learn about fall. During circle time this week we explored all of the colors that we see in fall.

Some of our fine motor crafts this week included making fall trees, leaves, and apple popsicles. We read the stories, There Was an Old Lady Who Swallowed Some Leaves, Fall Colors, What Makes the Seasons Change, Fun, Fall Day, and Apple Trouble.

In music class this week, Miss Katie brought her apple tree puppet and sang songs with us about apples falling from a tree! The students love pretending to eat the apples during this song. Miss Katie is also teaching us some of the sign language signs for words in this song. On Thursday, Miss Bonnie came to class and did a super fun painting craft with us! We can't wait to show you all of our creations at the art show later in the year. To end the week, Miss Carly, the librarian from the Grand Island Library, came to visit us. She read us stories, sang and danced with us, and even made a special craft!

Next week we will be talking all about Fire Safety!

Upcoming Events

October 7th

Kelkenberg Farm Field Trip

October 8th

No After School,
Staff Development

October 11th

Columbus Day, NO SCHOOL

Reminders

With the weather starting to cool off, please send your child in with a light sweater or jacket as well as sneakers- we will be getting outside daily. (weather permitting)
