

Circle Time

During circle time this week ,we read, Zoo's Who, That's Not My Lion, and Little Elephant Listens. This month we are working on the octagon shape and our color is pink.

Centers

We had a blast in our block center this week, stacking all our big blocks up to make a crazy obstacle course. In our tool center we had fun learning how to use all our different tools to build with. The kiddos did a great job matching all the teddy bear counters to the right colored cup in our matching center.

Specials

We did a great job in music this week. The kiddos loved when Miss Katie had her stuffed caterpillar crawl all over our arms and shoulders while dancing to the caterpillar song. Charlotte came in to visit this week. The kiddos enjoyed helping Miss Ilia dry Charlotte off when she came in from the rain.

Crafts

During craft time we made giraffes. First, we glued cheerios all over our giraffes face, then added eyes, ears and a nose. We also made lion masks using paper plates and strips of orange and yellow construction paper for the lion's mane.
