

# Hoots & Hollers

Week of April 25<sup>th</sup> to April 29<sup>th</sup>

## What We're Learning

### News From the Nest

This week at school we began talking about the life cycles of chicks and caterpillars. On Wednesday, we discussed all of the stages that a chick goes through from the time it is an egg until it becomes a full-grown chicken. On Thursday and Friday, we talked about the change that a caterpillar goes through in order to become a butterfly. We had a special delivery this week so now we have our own caterpillars in our classroom that we can watch grow and change!

Some of our crafts this week included, making umbrellas out of our letter of the week, "U", making chicks that were hatching out of an egg, making caterpillars, and then on Friday, making butterflies.

On Wednesday, Miss Ilia came in to visit with Charlotte. She read stories in the library to all of the kiddos. We really love reading with Charlotte!

There will be no new letter next week. On your child's show and tell day, they may bring in any item they would like.

If you have not done so yet, please remember to RSVP for our Mother's Day Celebration next Wednesday, May 4<sup>th</sup>.

## Upcoming Events

Wednesday, May 4<sup>th</sup>  
Mother's Day Celebration  
9:00 am

Friday, May 6<sup>th</sup>  
Zoo Field Trip, No After School

Thursday, May 26<sup>th</sup>
