

Hoots & Hollers

Week of Sept 7-10

What We're Learning

Welcome back to school! We have survived the first week of school with flying colors! This week was loaded with so many new adventures for both our children and for all of you! From longer days, learning rules and routines, transitioning during centers, nap time, lunch time, bathroom time, etc.-you name it, we did it this week! Your children are off to a fabulous start on what it takes to be a preschooler. Next week we will continue learning about the rules of our classroom, adding more components to our circle time, and also start making some fun crafts! Each week we will do a little more. We are so excited for this year and what is to come!

On Friday this week, Miss Carly visited us from the Grand Island Library. We really enjoyed listening to her stories and dancing/singing to the songs she taught us.

Upcoming Events

September 30th:

Picture Day

More information to come home soon!

Reminders

If you have not yet sent in your forms for your child, please do so as soon as possible. Reminders will be going home next week for those forms still not received.
