

October 11th – October 15th

Pre-K 2 News

Stories

We read ,The Best Show and Share this week, and it was all about bringing in something special to school to share with all our friends. We also had fun reading My Favorite Color Polk a Dot Book and popping all the bubbles on each page.

Centers

In centers this week we played with the peg boards, magnets, dinosaurs, sensory bin, and trains. We are doing a good job learning how to share and take turns as we transition through our different centers.

Special

We had a parade with Miss Ilia and Charlotte this week using our instruments and marching around the classroom. The kiddos also had fun with Miss Kayla in arco, singing and dancing.

Crafts

We made trucks this week by gluing together square and circle shapes. We also made an orange square monster and stamped squares on paper using linking cubes. The kiddos had a blast fingerprinting and playing in shaving cream.
