What We're Learning

News From the Nest

This week at school we talked about the changing seasons. We learned what happens in spring (the grass starts growing again, the leaves come back, and flowers begin to grow). We also talked about how sometimes, in spring, there can be a lot of rain. As a class, we took a vote on who liked the rain and who did not. For the kiddos who do not like the rain, we learned that even though rain isn't always fun, we need it to help things grow!

On Tuesday, Mrs. Duncan (Grace's mom), came in to talk to us about her job in the community as a counselor. She told us all about how she helps people deal with how they are feeling. She also taught us a fun technique that can help us out if we ever feel overwhelmed. All we have to do is take a deep breath in through our nose and to let it out our mouth. We should do this five time to help us feel better! As a special treat, she brought stress balls for everyone in the class to take home with them.

On Friday, Rosie's mom and dad, Mr. & Mrs. Sugar came in to talk about their jobs! We got to sing some cool songs with Mrs. Sugar, who is the music teacher over at Huth Road! Mr. Sugar helped us learn how to build things as he talked about his job, being an architect. He read us a story and helped us build creations using toothpicks and gum drops! We had so much fun!

Some of our fine motor crafts this week included, a flower that we decorated with bingo dabbers, and handprint flowers that will go up on our bulletin board for the month of April.

Next week we will be learning about fairy tales and nursery rhymes. We will also be talking about the letter "R". When it is your child's show and tell day, please have them bring in something that begins with that letter.
